

Job Title: Data Management Manager

Location: Salt Lake City, UT

AgReserves, Inc. (ARI) is a multi-national, multi-corporate company that operates investment farms and ranches throughout the world. ARI currently has an opening for a Data Management Manager at their headquarters location.

Position Description:

The Data Management Manager is responsible creating and implementing strategy for the development, maintenance and use of data systems. This strategy includes processes for organizing, cleansing, storing, analyzing, documenting and surfacing data while ensuring security and confidentiality. This strategy must be continuously adapted to support current business processes and to prepare for future challenges. This role reports directly to the Information Systems & Security Director and works closely with the Business Intelligence team.

Essential Job Functions:

- Establish common goals and objectives for data management in conjunction with a cross-functional set of stakeholders
- Align the data strategy with the company's business strategy
- Work with stakeholders to gain support and adopt the data strategy
- Recommend efficient and secure data architecture.
- Oversee operations of data systems (database servers, NoSQL database systems, data warehouse), and data flows
- Supervise data management team members.
- Assist with reports and data extraction when needed.
- Troubleshoot data-related problems and authorize maintenance or modifications.

Skills and Other Qualifications Required:

- Bachelor's degree or higher in Information Systems, Computer Science, Data Analytics or relevant field.
- Knowledge and experience in the methods and practices of data management. Knowledge of database systems, data stores, SQL, NoSQL systems, data architecture, cloud solutions, ETL processes, and best practices.
- 5+ years' leadership experience.
- 10+ years' experience in data management, information systems, system administration, or related areas.
- Proven experience with fulfilling customer requests while maintaining corporate strategy and standards.

- Ability to inspire teamwork and innovation. Excellent skills in research and analysis, project planning and implementation.
- Motivated and enthusiastic about adapting rapid changes in technology.

Benefits:

Full-time employees receive excellent benefits including: Medical, Dental, Group Term Life, Disability, Retirement Plus Plan, 401k, Flex Spending, and other miscellaneous value-added benefits.

AgReserves, Inc. is an equal opportunity employer.
